Aqua Jet	<p>Aqua Jet massage is a quick, convenient way to get a full-body massage. You have an aqua massage in an aqua massage machine. You will lie down on the bed of the aqua jet. The cover of the machine will come down over you. Then a bar with water jets travels from your toes to your neck and back again and again for the duration of your massage. You will not get wet in an aqua jet machine; there is a barrier between you and the water.</p>	30	-
